

The beautiful sights of the Graniteville Wetlands, soon to be destroyed by a BJ's wholesale megastore.

The people of Staten Island clearly do not want or need this BJ's, as we already have a Costco wholesale store.

**STOP THE CONSTRUCTION OF
BJ'S WHOLESALE STORE!!!**

Any more destruction of the little wetlands we have left will result in tremendous flooding for the surrounding area, and will leave all the wildlife with no place to live.
